

California Adventures Summer Day Camp

Your camper will spend many fun filled days making new friends, learning new games, working on weekly activities or performances, making arts and crafts, working on science labs, and learning how to cook. Your child will have the choice to pick structured daily activities and go all out! We provide opportunities for children to be creative, gain confidence, and build team skills through recreation activities and group games. We've got a great summer program planned and filled with many activities, come and join the fun. Field trip fees are on Thursday and fees are additional and must be paid for separately (Do not include in weekly registration fees), are subject to change. *No Class on 7/3.

Instructor: Khristina Clous
