**FOUNTAIN VALLEY COMMUNITY FOUNDATION – CHALLENGES LOCAL BUSINESSES**  
**Senior Nutrition Program Needs Your Help**

The Fountain Valley Community Foundation (FVCF) is challenging local businesses and individuals to help support the Senior Nutrition Program at The Center at Founder's Village, Senior and Community Center. The FVCF has pledged to match donations for this program up to \$2,500 to help meet the \$5,000 goal needed to ensure the success of this year's program. The FVCF is optimistic about working with the community to ensure such needed programs continue to benefit those that need assistance.

The Center at Founder's Village, in partnership with Community SeniorServ, provides a nutritious lunch twice a week to approximately 526 seniors. In addition, the home delivered meals program supplies three meals a day to home bound seniors. More than 600 seniors benefit from these programs all year long.

Both of these programs provide healthy and nutritious meals to seniors and add a socialization component to their lives. The program provides opportunities to interact with others resulting in a sense of belonging within their community. The only source of human contact for some seniors is when a home meal is delivered. By supporting this community program, we are supporting those that need it the most. Together we can make a difference.

This is just one example of how the Fountain Valley Community Foundation is investing in our community. If individuals or businesses wish to accept this challenge, the FVCF, a 501c3 non-profit, will receive donations on their behalf and match any combination of funds collected up to \$2,500. Together we can aid our local senior population. For more information, please contact 714-593-4449. Thank you in advance for assisting with the success of these programs.
