Youth Sports Practices Postponed in Orange County Due to New State Guidance

Santa Ana, Calif. (July 8, 2020) – The State of California has recently amended its guidance regarding youth sports practices, team drills and training and will no longer allow them to occur throughout the state.

The State's Day Camps and Fitness Facility guidelines were used by counties across the state to allow for youth sports practices, team drills and training.

At this time, youth sports activities including practices will be postponed until further direction is provided from the State. Currently, there is no scheduled time by which the state will re-open youth sports. The County of Orange allowed youth sports practice, team drills and training to re-open on June 15, 2020.
