How the **Paramedic Membership Program** works:

A medical emergency occurs, and “911” is dialed. Fountain Valley Fire Department Paramedics respond, provide medical attention and assess the patient’s condition.

Membership vs. Non-Membership

**Enrolled** → **YES** →
- No out of pocket costs for all emergency 9-1-1 medical care and ambulance transportation if you have medical insurance.
- Members without medical insurance will receive a 20% discount off of the emergency billing.

**Not enrolled** → **Patient will be responsible for all costs**
