B. Sworn, non-management fire employees not assigned to suppression duty and working a forty hour (40) work week shall have their monthly salary converted to a forty hour (40) rate, and shall be paid overtime at the rate of one-and-one-half times the employee's hourly rate for all hours worked in excess of forty (40) hours in a seven-day (7) work week.

C. The overtime rate will be calculated according to F.L.S.A. guidelines.

D. For purposes of determining eligibility for overtime pay, absences (i.e., sick leave, etc.), whether compensated or uncompensated, shall not be counted as hours worked for the purposes of determining eligibility for overtime pay. Only vacation hours and bereavement leave will be counted as hours worked for determining eligibility for overtime pay.

**Section 6.15 - Work Period Overtime.** Pursuant to the F.L.S.A., overtime is based on hours worked in excess of one hundred fourteen (114) hours during a fifteen day (15) work period. Sworn, non-management fire employees assigned to suppression duty shall be paid one hundred twenty (120) hours (five (5), 24 hour shifts in a fifteen (15) day work period) straight time and six (6) hours half-time (120 - 114 = 6). The six (6) hours of half time shall not be affected by vacation and sick usage. The Administrative Fire Captain works a forty (40) hour schedule and is, therefore, not eligible for the work period overtime.

**Section 6.16 – Overtime for Administrative Fire Captain.** The City will pay overtime at the rate of one-and-one-half for all non-suppression hours worked in excess of forty (40) hours in a seven (7) day work period. Paid absences such as sick leave, holiday, etc. will not be counted as hours worked for purposes of determining eligibility for overtime compensation. However, eligibility for overtime occurs when the employee has worked more than forty (40) hours in a seven day work period. Paid absences such as sick leave, holiday, etc. will not be counted as hours worked for purposes of determining eligibility for overtime compensation. Only vacation hours and bereavement leave will be counted as hours worked for determining eligibility for overtime pay. Approval to work overtime is at the sole discretion of the Fire Chief so the Administrative Fire Captain must request and receive express approval prior to working overtime.
Section 6.17 - Exempt Status of Fire Captains. Pursuant to Section 13(a)(1) of the F.L.S.A., the City hereby determines that sworn, non-management fire employees in the position of Fire Captain are exempt from the provisions of the F.L.S.A. This exemption shall be subject to the following conditions:

B. Fire Captains shall not receive a reduction in benefits as a result of being declared exempt.

C. Fire Captains shall continue to remain part of the bargaining unit represented by FVFA IAFF Local 4530.

ARTICLE 7 - UNIFORMS

Section 7.01 - Uniforms. Sworn, non-management fire employees shall be required to maintain (laundred and ready to wear) and wear uniforms as specified by the Fire Chief. The City will provide, at no cost to the employee, all turnout and safety clothing and equipment as specified in Exhibit 3.

Station uniforms are defined as safety clothing and will be provided by the City. The City will provide three (3) station uniforms on a one (1) time only implementation of the program basis which will include the following: A maximum of three uniform shirts, a maximum of three (3) uniform pants, one (1) basket weave belt, and one (1) uniform jacket. Thereafter, the City will replace such uniforms on an “as needed” basis to be determined by the Fire Chief. Safety uniforms are defined as uniform shirt, uniform pant, basket weave belt, and uniform jacket.

In accordance with CalPERS amendment to Section 571, subsection (a) (5) in Title 2 of the California Code of Regulations, expanding the definition of uniform allowance to include the monetary value for the purchase of required clothing, including clothing made from specially designed protective fabrics, but excluding items that are solely for personal health and safety such as protective vests, pistols, bullets and safety shoes. The City will report the monetary value of uniform items to CalPERS and the Internal Revenue Service as uniforms/special compensation as noted below. The manufacturer of Workrite Nomex uniforms recommends a replacement schedule of three (3) to five (5) years and the City’s current uniform replacement average is 33.5 sets per year or approximately one (1) uniform for each suppression personnel per year. The pro-rated value of the belt and jacket will be reported since replacement is estimated at three (3) years for the belt and five (5) years for the jacket. The monetary value for the purchase of required clothing will be reported to CalPERS on a bi-weekly basis. The Fire Department will annually provide the cost of the uniforms to Personnel so the monetary value can be determined and reported to CalPERS and the Internal Revenue Service as specified below. Effective June 20, 2017, the City will report a total of $232.11 (or 8.93 per payroll period) to CalPERS.

The monetary value of uniforms will only be reported to CalPERS and the Internal Revenue Service.
Service for those employees hired on or before December 31, 2012. Uniform allowance for employees hired January 1, 2013 and later in accordance with the PEPRA provisions discussed in Article 8 may not be reported to CalPERS as pensionable compensation. PEPRA, amendments to PEPRA and CalPERS law will define those special pays which may be reportable as pensionable compensation.

Employee Contribution. PEPRA (Government Code Section 7522.30) states “Equal sharing of normal costs between public employers and public employees shall be the standard.” The standard shall be that employees pay at least 50% of normal costs and that employers not pay any of the required employee contribution.

The “normal cost rate” shall mean the annual actuarially determined normal cost for the defined benefit plan of an employer expressed as a percentage of payroll.

New Members and New Employees shall pay 50% of the normal cost adjusted annually in accordance with the CalPERS actuarial valuation for the City of Fountain Valley 2.7% at 57 plan. Any change to the New Member and New Employee contribution rate will become effective the first payroll period closest to July 1 of the appropriate year.

Upon receipt of the annual actuarial valuation from CalPERS for the 2.7% at 57 plan, the Personnel Department will forward a copy to the Association specifying the New Member and New Employee contribution rate for the upcoming period. This process shall serve as the meet and confer process for any increase in the employee contribution rate. Any change to the New Member and New Employee contribution rate will be memorialized in a Side Letter Agreement between the City and Association and shall serve as notice to the affected employees. The Association may request to meet with the City if the New Member and New Employee contribution rate increases.

ARTICLE 9 – HEALTH AND OTHER INSURANCE FOR EMPLOYEES

Section 9.01 – Group Medical and Dental Insurance for Employees Hired July 31, 2011 and Earlier. The City contracts with the California Public Employees’ Retirement System’s Public Employees’ Medical and Hospital Care Act (PEMHCA) for medical insurance for City employees. The payment of premiums towards group medical/dental/life insurance will be through the administration of a flexible benefit package.

The City shall pay the CalPERS statutory minimum employer contribution specified in Section 22892 of the Public Employees’ Medical and Hospital Care Act. In addition to the CalPERS statutory minimum employer contribution, the City shall make contributions to a flexible benefits plan as noted herein.

Employees Defined.
Tier 1 Employees (current employees) are defined as those individuals employed in a full-time position with the City of Fountain Valley beginning July 31, 2011 and earlier.

Sworn, non-management fire employees who elect not to be covered under the medical plan provided through the cafeteria plan shall receive the equivalent of the CalPERS statutory minimum as cash wages. However, the employee will be required to pay for dental and life insurance premiums, both of which are mandatory out of the waiver of premium contribution (CalPERS statutory minimum).

Separation then Return to City Service. If an employee separates employment and later returns to employment with the City of Fountain Valley, the date the employee returned to employment will become the hire date for the employee and he/she will be considered a Tier 2 employee and only eligible for Tier 2 benefits.

Section 9.02 – Group Medical and Dental Insurance for Employees Hired August 1, 2011 and later.

Tier 2 Employees (new hires) are defined as those individuals employed in a full-time position with the City of Fountain Valley beginning August 1, 2011 and later.

Tier 2 City Contribution. The City contribution for Tier 2 employees beginning with the first payroll period in February 2015 (payroll period ending February 13, 2015) is as follows:

Effective the beginning of the pay period following July 1, 2019, the City contribution for Tier 2 employees is as follows:

| Electing Employee Only coverage | $774 |
| Electing Employee +1 Dependent coverage | $1,261 |
| Electing Employee + Family coverage | $1,579 |

Tier 2 employees do not qualify for the longevity health stipend.

Sworn, non-management fire employees who elect not to be covered under the medical plan provided through the cafeteria plan and provide proof of medical coverage meeting minimum essential coverage requirements under the Affordable Care Act shall receive the equivalent of the CalPERS statutory minimum as cash wages. However, the employee will be required to pay for dental and life insurance premiums, both of which are mandatory out of the waiver of premium contribution (CalPERS statutory minimum).

**Section 9.03 – Cafeteria Plan.** The provisions of the Cafeteria Plan are described below.

**Benefits Provided Through the Cafeteria Plan.** Effective January 1, 2011, the insurance benefits provided for in this article will be provided through the provision of a cafeteria plan adopted in accordance with the provisions of Internal Revenue Code §125: medical and dental. These provisions will supersede the previous Memorandum of Understanding provisions.

Each month the City will contribute to the cafeteria plan flex dollars for current employees and new hires as specified in Sections 9.01 and 9.02. In addition, the City will contribute a longevity stipend for Tier 1 employees as specified in Section 9.01. The City’s flex dollar contribution includes the CalPERS statutory minimum paid by the City.

Prior to January 1, 2011, dependent dental premiums were fully employee paid. However, due to the provisions of the cafeteria plan, dependent dental premiums are to be deducted from the flex dollars. Upon retirement, retirees are not covered by a cafeteria plan;
dependent dental premiums will be fully retiree paid if coverage is elected. Nothing in these provisions require City contributions towards dependent dental premiums.

The Purchase of Optional Benefits Through the Cafeteria Plan. The cafeteria plan offers sworn, non-management fire employees the opportunity to purchase optional medical insurance and AFLAC insurance. Eligible employees may select from any of the medical insurance plans offered by CalPERS. If CalPERS changes any of the medical insurance plans by either adding or deleting the plan options, employees will be limited to those plan options offered by CalPERS.

Sworn, non-management fire employees may also elect any of the optional AFLAC insurance options the City offers to employees at the employee’s sole cost.

Dental and life insurance are not optional benefits and such premiums will be deducted from each employee’s cafeteria plan flex dollars or waiver of premium contribution.

Employee Contributions for Benefit Options. If a sworn, non-management fire employee chooses optional benefits whose aggregate cost exceeds the total flex dollar City contribution to the cafeteria plan, the City will automatically deduct the excess amount on a pre-tax basis, if applicable, from the employee’s bi-weekly payroll.

The Receipt of Cash Through the Cafeteria Plan. Sworn, non-management fire employees will be eligible to receive cash (subject to taxation as wages) through the cafeteria plan if they either opt out of receiving medical insurance or if they choose benefits that do not cost as much as the flex dollars provided by the City towards the cafeteria plan. Any such employee shall be eligible to receive in cash up to a maximum of $350 per month for employees who elect medical coverage or if medical coverage in declined, up to the CalPERS statutory minimum minus dental and life insurance premiums.

Employees in this unit who are receiving cash through the cafeteria plan in excess of $350 as of January 1, 2018 are grandfathered (per a side letter of agreement) to continue to receive cash in excess of $350 per month until they are no longer represented by IAFF, or the receipt of cash falls below $350.

Section 9.04 — Term Life Insurance. The amount of term life insurance for each sworn, non-management fire employee shall be equivalent to the employee’s annual salary, rounded upward to the nearest thousand dollar increment, with a maximum policy amount of $30,000 per employee.

Section 9.05 — Long-Term Disability. The City shall pay to the FVFA IAFF Local 4530 nineteen dollars and fifty cents ($19.50) per month, per employee for long-term disability insurance coverage. The City shall not be responsible for the maintenance of a long-term disability insurance policy for sworn, non-management fire employees. The City shall not be responsible if a sworn, non-management employee does not elect to participate in the FVFA IAFF Local 4530 sponsored long-term program, even though the City contributes nineteen dollars and fifty cents ($19.50) per month towards such program.

An employee who is receiving long-term disability benefits is considered to be in an
off-payroll status and will not accrue benefits during the time that he/she is in such status. In addition, employees who are in an off-payroll status while receiving long-term disability benefits are responsible for maintaining group health and life insurance coverage, and for paying the premiums.

**ARTICLE 10 – MEDICAL/DENTAL INSURANCE FOR RETIREES**

The City shall provide group medical/dental insurance to sworn, non-management fire employees who retire from the City meeting the criteria and subject to the conditions and limitations noted below. The City contracts with the California Public Employees’ Retirement System’s Public Employees’ Medical and Hospital Care Act (PEMHCA) for medical insurance for City employees and retirees. Benefits are grouped in tiers based upon hire date and years of continuous City service.

The provision numbers listed below correspond to the code above designating which benefits each retiree is eligible for. If a code is not included in the "Provisions the Employee in the Specified Tier is Eligible for" section, the employee in the specified tier is not eligible for that specific provision.

**Provision No. 1 - Retired Employee Definition.** A sworn, non-management fire employee is a retired employee when he/she:

A. Has reached 50 years in age or greater;

B. Has been employed for at least five (5) years;

C. Is a vested member of CalPERS;
D. Retires with a service retirement after October 1, 1980;

E. Retires directly from active duty and maintains continuous coverage both prior to and subsequent to his/her retirement.

F. Any lapse in coverage will make the employee permanently ineligible for City contributions towards such retiree’s premiums in excess of the CalPERS statutory minimum employer contribution.

**Provision No. 2 - Disability (Totally) Retired Employee Definition.** A sworn, non-management fire employee is disability (totally) retired when:

Any of the following permanent disabilities shall be conclusively presumed to be total in character (total disability):

A. Loss of both eyes or the sight thereof.

B. Loss of both hands or the use thereof.

C. An injury resulting in a practically total paralysis.

D. An injury to the brain resulting in incurable imbecility or insanity.

In all other cases, permanent total disability shall be determined in accordance with the fact.

Totally disabled employees may apply to the life insurance carrier for continued life insurance coverage under the waiver of premium provision. Coverage is subject to the annual provision, review and approval of the insurance carrier.

**Provision No. 3 - Eligible Qualified Dependent Coverage Limitation.**

For Retirements Effective July 31, 2011 or Earlier.

**Definition of Qualified Dependent:** Qualified dependent coverage is limited to the eligible retiree and those specific dependents as defined in the service provider’s group benefit agreement that were covered at the time of the employee’s retirement, except for new spouses and newborn children who are eligible for coverage if enrolled pursuant to the group health benefit agreement.

For Retirements Effective August 1, 2011 and Later.

**Definition of Qualified Dependent:** A spouse and/or dependent child covered on the employee’s medical and dental plan for a minimum of two (2) full years (24 months) prior to retirement. Such dependent will be classified as a qualified dependent.

**New Spouse Exception.** An exception will be made for employees who get married and
add their spouse to his/her medical plan within thirty (30) calendar days of the marriage. In such cases, the spouse must be on the plan for a minimum of one (1) full year (12 months) prior to his/her retirement in order to receive City contributions towards retiree medical and will be classified as a qualified dependent. No other exceptions will be made.

**Dependent Children.** City contributions for dependent children will end the month during which the dependent child turns age 23. The dependent child may continue on the plan until age 26, in accordance with plan provisions; however, the City will not pay any contributions toward the dependent child's medical premium past age 23. The following examples illustrate the impact to the City contribution when a dependent child turns age 23:

A. If the retiree covers 1) himself/herself and 2) a dependent child, the month during which the dependent child reaches age 23, the City ceases contributions for the dependent child and pays only single coverage for the retiree.

B. If the retiree covers 1) himself/herself, 2) a spouse and 3) a dependent child, the month during which the dependent child reaches age 23, the City ceases contributions for the dependent child and pays two-party coverage for the retiree and spouse.

C. If the retiree covers 1) himself/herself, 2) a spouse and 3) more than one (1) dependent child, the City will continue to pay family coverage. Effective during the month during which the youngest child reaches age 23, the City ceases contributions for the dependent child(ren) and pays two-party coverage for the retiree and spouse.

**Definition of Non-Qualified Dependent.** A dependent added to the employee's medical and dental plan less than two full years (24 months) prior to retirement or at a later date is ineligible for any City contribution towards medical insurance. A newly-married spouse not added to the employee's medical and dental plan within thirty (30) calendar days of marriage and on the plan for a minimum of one full year prior to the employee's retirement is ineligible for any City contributions towards medical insurance. The non-qualified dependent may enroll in the medical plan; however, premiums for such enrollment are entirely dependent paid. The City will not pay any contributions towards the medical premium for non-qualified dependent(s).

Premiums for additional covered dependent(s) or dependent(s) added on at a later date in accordance with plan provisions will be paid entirely by the retiree and will be classified as non-qualified dependent(s). Dependent dental premiums will be paid entirely by the retiree. Failure to pay premiums for non-qualified dependent(s) will result in loss of coverage.

**Provision No. 4 - Separation then Return to City Service.** If an employee separates employment and later returns to employment with the City of Fountain Valley, the date the employee returned to employment will become the hire date for the employee and he/she will be considered a new hire and only eligible for new hire benefits. Reinstatement of accrued sick leave may be applicable as specified in Section 11.09.

**Provision No. 5 - Limitation.** There is no cash back provision if the premiums for the medical and dental plans for qualified dependents is less than the difference between the CalPERS statutory minimum and the medical premium for the plan selected for the retiree.
and eligible qualified dependent(s) and retiree only dental premium up to the maximum the City contributes for active sworn, non-management Fire personnel for Tier 1 employees.

**Provision No. 6 - Life Insurance.** Retirees are not eligible for life insurance coverage through the City.

**Provision No. 7 - CalPERS Statutory Minimum Employer Contribution.** Only while participating in the CalPERS medical plan will the City pay the CalPERS statutory minimum employer contribution specified in Section 22892 of the Public Employees' Medical and Hospital Care Act (PEMHCA) to CalPERS. Should the City discontinue contracting with PEMHCA at any time, the City will not be responsible for paying any contribution towards health insurance premiums for such retiree and those premiums shall be entirely retiree paid. No City contributions towards dental insurance.

**Provision No. 8 - City Contributions.**

For Retirements Effective July 31, 2011 or Earlier.

All persons who participated in the testing and selection process shall be notified of the date on which the eligible list is certified.

B. Upon receiving an appeal of a testing or selection procedure, or the results thereof, the City Manager shall investigate, or cause to be investigated, all relevant facts regarding the appeal, and shall make a determination which shall be final. Such an appeal shall not require a hearing.

C. An employee can only appeal a selection/testing procedure if the result would place him/her on the eligible list, or change his/her position on this list. An individual appealing a testing/selection procedure must have been an applicant, or would have been but for the procedure being appealed.
D. If the City Manager makes a determination sustaining the appeal and such determination results in the invalidation of all or part of the testing and selection procedure, a new recruitment shall be initiated.

**ARTICLE 17 - INTERPRETATION OF MOU**

Questions regarding the interpretation and/or application of any of the provisions of this MOU shall be formally raised only by the parties to the MOU, subject to the following conditions:

A. The party raising the question of interpretation/application of the MOU shall notify the other party of the nature of the question within ten working days after the matter is brought to their attention.

B. Both parties shall attempt to resolve the dispute at the supervisory or departmental level, if appropriate. If it is not possible to resolve the matter at the supervisory or departmental level, both parties shall submit a statement of the facts concerning the matter to the City Manager for his or her findings and determination. The decision of the City Manager shall be final.

**ARTICLE 18 - APPEALS OF DISCIPLINARY ACTIONS**

**Section 18.01 - General Provisions.**

A. City agrees to afford FVFA members the protections of the Firefighters Procedural Bill of Rights Act (hereinafter "FBOR") as enacted in AB 220, Chapter 591 Stats 2007, as set forth in Government Code Section 3250 et seq.

B. No FVFA IAFF Local 4530 member shall be disciplined unless the person imposing the disciplinary action believes, in good faith, that reasonable cause exists for imposing disciplinary action.

C. Any permanent employee (this article does not apply to a probationary employee) shall have the right to appeal any punitive action imposed on him/her, subject to the conditions contained in this section.

D. For purposes of this section, "Punitive Actions" refer to the following: written reprimand, suspension without pay, demotion, reduction in pay, termination, or transfer for purposes of punishment (Government Code Section 3251(c)). Discipline involving punitive actions may be appealed to an Administrative Law Judge.

E. Oral reprimands may be appealed only to the next level within the chain-of-command. All other discipline not involving discharge, demotion, suspension or reduction in salary may be appealed up to the City Manager.

F. At all times prior to and during the imposition and appeal of a disciplinary action, the City shall take whatever steps necessary to ensure compliance with procedural due
process requirements including but not limited to the FBOR. Pre-disciplinary efforts will include at a minimum and where appropriate and required by case law, notice to the employee of the intent to take disciplinary action, a description of the action, a statement of reasons on which the action is based, copies of material on which the notice is based, the opportunity to be heard prior to the rendering of a decision, and a statement of the right to appeal.

G. An appeal places the type and degree of discipline at issue, and discipline may be increased.

Section 18.02 - Appeal Procedures for Discipline Not Involving Discharge, Demotion, Suspension or Reduction in Salary

A. Disciplinary action imposed against an employee may be appealed for any of the following reasons:

1. A disagreement or dispute over the facts giving rise to the imposition of disciplinary action.

2. Abuse of discretion by the supervisor imposing discipline, or by a reviewing authority. Abuse of discretion includes, but is not limited to: exceeding or acting without authority, denying an employee procedural due process, or imposing discipline that is not warranted in either type or degree by the offense.

B. Appeal of a disciplinary action must be filed with the Fire Chief within fifteen (15) calendar days of the date the disciplinary action was imposed.

C. Appeal of a disciplinary action must be in writing, and must include, as a minimum, the following:

1. If the employee is alleging a disagreement over facts, a statement regarding what facts, if any, are in dispute. If there is no dispute over the facts, the appeal should so state.

2. If the employee is alleging abuse of discretion by the supervisor who imposed disciplinary action, on him/her, a statement setting forth the manner in which the supervisor imposing the disciplinary action abused his/her discretion. Specifically, the statement must show that the supervisor has exceeded or acted without authority; that the employee was denied procedural due process; or that the disciplinary action imposed was not warranted by the facts of the situation.

3. The remedy being sought by the employee.

D. Upon receiving an appeal of a disciplinary action, the Fire Chief shall first determine whether or not the appeal complies with Sections 18.02 B and 18.02 C 1, 2, and 3. If not, the appeal shall be denied on the basis of one or more of the following:

1. The appeal was not filed in a timely manner, pursuant to Section 18.02B.
2. The appeal does not allege a dispute over the facts, or abuse of discretion, or is otherwise incomplete.

E. If the appeal complies with Sections 18.02 B and 18.02 C 1, 2 and 3, the Fire Chief shall take the necessary steps to determine the merits of the appeal. Included in such steps will be the opportunity for the employee and his/her designated representative to meet with the Fire Chief, and to review any additional evidence which supports the disciplinary action.

F. Within five (5) working days after completing his/her investigation of appeal, the Fire Chief shall notify the employee in writing of his/her decision, and the reasons therefor.

Section 18.03 - Appeal to the City Manager for Discipline Not Involving Discharge, Demotion, Suspension or Reduction in Salary.

A. The decision of the Fire Chief may be appealed to the City Manager within fifteen (15) days after the Fire Chief's decision is rendered. Upon receiving such an appeal, the City Manager shall proceed in the same manner as outlined in Section 18.02D except that the rights provided by the FBOR shall be afforded.

B. If the disciplinary action imposed involves a significant property right, an employee shall be assured the right to a formal hearing in compliance with the FBOR, unless such right is specifically waived by the employee. If the disciplinary action does not involve a significant property right, the City Manager may conduct a formal or informal hearing, or no hearing.

C. Within fifteen (15) calendar days after completing the investigation of the appeal, the City Manager shall notify the employee in writing of his/her decision and the reasons therefor. The decision of the City Manager shall be final, except as provided in Section 2.52.200 of the Fountain Valley Municipal Code.

Section 18.04 – Appeal Procedures For Suspension, Reduction in Pay, Demotion and Termination. The administrative appeal process provided for discipline involving punitive action is established pursuant to Government Code §3254.5 of the Firefighters Procedural Bill of Rights. This administrative appeal process shall apply to all sworn, non-management fire employees.

A. Definitions:

1. The term “fire personnel” means an employee who is considered a firefighter under Government Code § 3251(a) as well as any fire personnel who are peace officers pursuant to Penal Code § 830.37.

2. The term “punitive action” means any action defined by Government Code § 3251 (c), i.e., “any action that may lead to dismissal, demotion, suspension, reduction in salary, written reprimand or transfer for purposes of punishment.” A layoff is not punitive action subject to a disciplinary appeal.
B. Notice of Appeal: In accordance with California Government Code Section 11506(a), within fifteen (15) calendar days following receipt of notification of punitive action, the employee shall notify the Personnel Manager in writing of the employee’s intent to appeal the punitive action.

C. Appeal hearing before the State Administrative Law Judge which shall be conducted in accordance with Chapter 5 (commencing with § 11500) Part 1 of Division 3 of Title 2 of the California Government Code.

1. Notice of Discipline as Accusation: The final notice of discipline which may be issued at the conclusion of any pre-disciplinary procedures shall serve as the Accusation as described in Government Code §§ 11500, et seq.

2. Timing: Pursuant to Government Code § 3254(f), the discipline shall not be effective sooner than forty-eight (48) hours following issuance of the final notice of discipline and the notice shall be given in writing within thirty (30) calendar days of the decision to impose discipline.

3. Notice: The notice shall be prepared and served in conformity with the requirements of Government Code § 11500, et seq. A copy of Chapter 5 (commencing with § 11500) of Part 1 of Division 3 of Title 2 of the California Code shall be provided to the employee concurrently with the notice of discipline.

4. Time and Place of Hearing: Pursuant to Government Code § 11508, unless otherwise decided by the administrative law judge, the hearing shall be conducted at City Hall at a date and time to be determined by the administrative law judge.

5. Notice of the Hearing: Notice of the hearing shall be provided to the parties pursuant to Government Code § 11509.

7. Burden/Proof: The burden of proof and production of evidence shall be borne by the City. The standard of proof shall be by a preponderance of the evidence.

8. Written Decision: The proposed decision of the administrative law judge shall be in writing. Copies of the proposed decision shall be delivered to the parties personally or sent to them by registered mail and accompanied by a proof of service.

9. Post Decision Action: Following receipt of the proposed decision, the City Council, or any designee (e.g., the City Manager) to the extent authorized by law, may take any of the actions set forth in Government Code Section 11571(c)(2) A through B.

PHYSICAL FITNESS/WELLNESS PROGRAM

Performance Testing. For the purposes of physical fitness testing, three (3) areas of physical ability will be evaluated:

A. Cardiovascular fitness
B. Upper Body Strength
C. Flexibility

The tests used in this program to evaluate fitness in these areas shall be:

A. Cardiovascular Fitness
   1. Life cycle test or elliptical trainer test

B. Upper Body Strength
   1. Push-ups
   2. Crunches
   3. Pull-ups

C. Flexibility
   1. Forward Stretch

Cardiovascular Fitness. Cardiovascular endurance is the measurement of the rate at which a person can utilize metabolic reactions requiring oxygen to create energy.

Problems such as high blood pressure, heart and pulmonary congestion, obesity, etc., are the major contributors to premature retirement of Firefighters.

Testing for cardiovascular fitness is completed by the use of a life cycle or elliptical trainer. A. Cardiovascular Fitness
Life cycle test
The employee shall be required to ride the lifecycle for twelve (12) minutes on the basic "Hill Profile Program" at the level specified below for his/her age group.

Upper Body Strength. Upper body strength contributes to the employee’s ability to control patients and other physical demands made on him/her in their work environment, while avoiding the possibility of injury. This test will be administered through the use of push-ups, crunches, and pull-ups.

A. Push-ups.

The participant shall maintain his/her body in a prone position, supported by straight arms with hands resting on the ground, and with toes resting on the ground. The administrator shall place his/her fist on the ground below the participant’s chest. The participant must: keep their back straight at all times, and from the up position, lower him/herself to the floor until his/her chest touches the administrator's hand. Once the participant touches the administrator's hand with his/her chest, the participant shall then push him/herself to the up position; attain, and repeat the process for the required number of times. The participant may rest in the up position.

Participants shall be required to complete the number of push-ups specified below for his/her age group.

B. Crunches.

The participant shall begin by lying down on his/her back, knees bent, curl the shoulders.
toward the pelvis with the hands placed behind or beside the neck or crossed over the chest and move forward. This is a continuous exercise, with no resting. The total minimum number of correct crunches is specified below according to age:

C. Pull-ups.

The participant shall hold the bar with the palms away from the body. Arms shall be extended straight up in a locked position with the feet off the ground. The participant must pull his/her body up to a position where his/her chin is above the bar for one repetition. The total minimum number of correct pull-ups is specified below according to age:

<table>
<thead>
<tr>

<th>UNDER 30</th>
<th>30-39</th>

</tbody>
</table>

A pull-down exercise on the Universal Weight Machine with a weight equaling one-half of the participant's body weight may be substituted by those having difficulty with pull-ups. The participant in the pull-down exercise shall be required to assume a seated or kneeling position and shall pull the bar of the Universal Weight Machine down to either the back of the base of the neck or down to the top of the chest. The total minimum number of correct pull-downs that must be completed according to age shall be the same as the schedule for the minimum number of pull-ups as cited above.

Flexibility. There is a high incidence of lower back disabilities among middle-aged people. In many cases, this is related to reduced flexibility of the hip and back along with reduced elasticity of the hamstrings. It is possible that some cases can be improved by a well-designed program of stretching exercises to increase flexibility.

In addition to a short warm-up prior to the test, it is recommended that the participant refrain from fast or jerky movements which may increase the possibility of an injury.

The participant shall sit on the ground with his/her legs out straight in front of him/her. Shoes should be removed and the heels of the feet are placed flat against a 4" x 4" board. The participant shall slowly reach forward with both hands as far as possible towards his/her toes with his/her hands, holding this position momentarily. The participant shall keep the hands parallel and not stretch or lead with one hand. The distance between the fingertips and the toes shall be recorded as plus or minus inches. Plus inches shall be below the toes and negative is above the toes. The Administrator shall ensure that the
knees of the participant are kept straight and held in place throughout the test for the participant. The minimum standards for the flexibility test are as follows:
